## CASES

**Brought Up in Police Court by the Board of Health Over the Hog Situation Held Over Until Saturday—Sewer Cases Dismissed.**

In Police Court yesterday afternoon the cases of the city against Hutchison and Hunsicker were postponed until Saturday and the cases against Tulley and Walker were dismissed.

Hon. A. D. Cole represented Mr. M. C. Hutchison in the case against him for keeping hogs within the city limits. Mr. Cole moved that the case be continued until Saturday morning in order to give him time to look up the authorities upon the validity of the law.

The case of Mr. Hunsicker for keeping hogs was also held over until Saturday but evidence in the case was heard. Mr. Frank Clark, the president of the Board of Health, stated he with several others had visited the premises upon which the hogs were kept and after inspecting the pen decided with the other members of the Board that the pen was a nuisance. A summons was issued to Mr. Hunsicker but on the witness stand he said that when the summons was delivered he had sold the hogs and was merely keeping them temporarily until they could be delivered to the purchaser. Judgment was withheld in the case until Saturday morning.

The cases of Messrs. Tulley and Walker, both charged with maintaining a nuisance in the form of bad sewerage, were dismissed. Mr. Tulley had already made preparations for fixing his sewer, and from the evidence re-

ceived in the Walker case, that gentleman was not to blame for the conditions near his premises.

The cases were being watched with great deal of interest by everyone and much will depend on the outcome. The future actions of the Board of Health depend largely on the action of the court in disposing of the cases.

## SUES FOR SLANDER

In the Mason Circuit Court yesterday a sensational suit was filed by Kehoe Ruggles by his father and best friend, B. Ruggles, against Louis Hotz for slander. Attorney A. D. Cole represents the plaintiff.

The petition states that in July, 1916, and on divers other days within the twelve months last past, in the presence and hearing of divers persons, falsely and maliciously spoke of and concerning plaintiff these words: "You stole my money; Mike Brown (Deputy Sheriff of Mason county) will be to see you this evening," thereby meaning the plaintiff, Kehoe Ruggles, had committed the crime of larceny.

The plaintiff asks for \$5,000 damages and all proper relief.

## DEMONSTRATION THIS AFTERNOON

The representatives of the Pulmotor and Lungmotor Companies will be in this city this afternoon and will give a demonstration of their machine before a number of men in the office of the Maysville Chamber of Commerce. Quite a number will be present and each will be asked his opinion as to the merits of each machine.

## MOTORED TO DOVER

Mrs. J. H. Carpenter, T. R. Wilson, C. H. Goodwin and Lahan Griffin, all of the local L. & N. Station motored to Dover Monday night and visited the Audubon Mineral Well. The trip was made in Mr. Wilson's large touring car. They report a fine time.

## FOR RENT

Flat of 5 rooms, electric lights, gas and bath. Will rent furnished or unfurnished to right party very reasonable.

a15-St THOS. L. EWAN & CO.

## EIGHT-HOUR DAY

**Conceded By Railroad Officials—Groundwork For Settlement of Railroad Strike Situation Is Laid in Washington.**

Washington, August 15—President Wilson's effort to bring the railroad managers and the Brotherhood leaders together in some form of settlement of the differences which threaten a nation-wide railway strike has, after two days of the conference, progressed only to the point where groundwork for further negotiation has been laid. Hope of arbitration of all issues waned today, but the situation was brightened by the possibility of a settlement being reached by the railroads conceding the principle of the eight-hour day, and both sides settling collateral issues by some sort of negotiations as yet undetermined.

Mr. Garretson declined to discuss the probable method of effecting an adjustment. Much of the discussion at the conference today revolved about the principle of the eight-hour day. The managers asserted that putting the eight-hour day into effect would cost them \$100,000,000 a year but the representatives of the employees reduced this estimate to \$20,000,000. The employees suggested that the eight-hour day already is in effect on some roads, and that officials on those roads have stated they would not change back to the ten-hour day.

After communicating with President Wilson tonight, the employees' sub-committee sent word to New York for the 640 members of the general committee to come to Washington to help facilitate the negotiations. They are expected here Thursday, and probably will meet the President Friday. The managers' committee will confer with him tomorrow.

Administration officials refused to predict tonight what the outcome would be and the President was understood to be uncertain whether a strike could be avoided. The White House conference will be continued tomorrow, but it was not believed that a crisis would be reached before Thursday.

**President Wants Whole Committee.**  
In the meantime the managers and employees will communicate with the interest they represent. The decision to send to New York for the general committee of employees was reached because the sub-committee here without power to reach important decisions without reference to the men in New York. At first it was suggested that the sub-committee here go to New York, but the President thought it would be better to have the general committee come here. He wanted an opportunity to explain to all the members any suggestion which may be made tomorrow or Thursday by the managers' committee.

Thus for the President has not attempted to bring the two sides together on any concrete blanket proposal. He is sounding sentiment on all phases of the situation in order to have the case fully in hand before making a final effort to settle the problem. Neither have the representatives of either side finally turned down any suggestion except arbitration and they have several under discussion which will be taken up again with the President.

**Pessimism Among Officials.**  
For a time today there was pronounced pessimism among administration officials because of the complete failure of efforts to bring about an agreement on any form of arbitration. Suggestions of investigation by a commission was then brought forward and its reception aroused new hope that a solution might be found.

President Wilson devoted most of his day to conferences with the managers and employees, seeing both sides separately as on Monday and to a meeting with Judge William L. Chambers of the Federal Board of Mediation and Conciliation.

## RECRUITING COMMITTEE

Governor Stanley has issued an order that the County Judge's offices in the various parts of the state be the headquarters for recruiting as Kentucky's quota of men has not been reached. County Judge W. H. Rice has appointed the following committee to see after the recruiting in this county: Frank Clark, Dr. J. A. Dodson, Horace J. Cochran, W. H. Rees and Alfred M. Peed. The committee will appoint various sub-committees and proceed at once to get to work. They expect to get quite a number of recruits from this city.

## ON SIGHT-SEEING TRIP

A delightful vacation trip, including a cruise on the Great Lakes, sight-seeing in Detroit, Toledo, Cleveland, Cedar Point, Buffalo and Niagara Falls is being enjoyed by John Francis O'Donnell, accompanied by his mother.

## FINE TOMATOES

The most beautiful lot of tomatoes seen in this city this season were brought to the Ledger office Tuesday afternoon by our old friend, H. E. Farwick, commonly known as "Dutchy", and were grown in his splendid garden in the Fifth Ward. They were perfectly formed and averaged a fraction more than 20 ounces each. When it comes to producing fine garden truck "Dutchy" can not be beaten. It is the old story of knowing how.

Mrs. J. V. Lytle, of Maysville, accompanied by her daughter, Mrs. Brooks-Dodson, arrived Monday in Paris, where Mrs. Lytle will make her future home with her son, Mr. Foster Lytle. She has rented the Crawford flat, next to the Bourbon-Deposite Bank—Bourbon News.

## ALICE NIELSEN

**Will Return on September 4, Labor Day—Will Bring Big Tent Here and Put Up Same for One Night's Entertainment.**

The final date of the coming of Alice Nielsen, the world famous soprano, has been announced as Monday, September 4. This will be Labor Day. A communication was received by the local committee from the Redpath Lyceum Bureau last week saying that Miss Nielsen would be able to come to Maysville on either the first Saturday or Sunday night in September. Neither of these dates were suitable to the committee and so they made arrangements for her return on Monday night.

The Redpath people will send a crew and they will put up one of their large tents for the one night's entertainment. There would be no auditorium available in this city large enough to accommodate the large crowd which was present to hear her on her first engagement, at which time she could not sing. Her accompanying artists however gave a concert, one of the best ever heard in this city.

All persons holding tickets to the concert will be admitted without further cost. All have saved their tickets and from what we have heard one of the largest crowds ever gotten together in this city will be present to hear the great soprano. Further announcements concerning the program for the evening will be made at a later date through the columns of this paper.

## CHARLES ALLEN

**Former Maysville Boy and Now Vice Consul in Turkey Has Scheme To Get Kentucky Paper.**

(Lexington Herald)

One of the most unusual subscriptions ever received by The Herald came in a letter received yesterday from Charles E. Allen, American Vice Consul at Constantinople, Turkey, which contained a bright new United States dollar bill to be applied to the subscription.

Mr. Allen states in his letter that he is subscribing for such a short time as a sort of experiment to see whether or not he can get the paper in Constantinople by the scheme, which he has worked out.

He directs that the paper be sent to him as Vice Consul at Constantinople in care of the American Embassy at London, England, with a request noted on the wrapper that it be sent by courier to Constantinople.

Mr. Allen is a former Maysville boy who has risen to a high rank in the consular service. He was originally interpreter to the American Consul in Turkey, but since the war started has been promoted to Vice Consul.

Miss Emma Campbell of Richmond, Va., is visiting friends in this city.

## KILL THE BED BUGS!

We have the killer that does the work. Easy to use.

## "The Home of QUALITY Clothes"

## There Was a Time When a Man Dressed According To His Years

This conception has undergone a change. Men dress as old as they feel now. There is no good reason in the world why a man's years should decide the cut of his clothes.

We have clothes for young men—eighteen to sixty. These clothes are for men who realize the important part "youthful" clothes play in their lives.

Carlyle wrote a book about clothes. But it pretty well sums down to the idea that we can make ourselves what we will by dressing and thinking the part.

COME AND TRY SOME OF THESE SUITS ON.

**Generous Reductions on All Summer Apparel**

**D. HECHINGER & CO.**

## You Can Tell a Good Silk Glove on a Woman's Hand

It is just one of the details that count, and glove quality is worth the price. A well-dressed woman never skimps on gloves. We have a very ample showing of the better grade of silk gloves at 50c, \$1, \$1.50.

## House Dresses; Special Values at \$1.25 and \$1.50

It is interesting to note the development of the house dress. These represent progress from the un-handsome styles of several years ago to neatness, daintiness and prettiness. Choose from gingham, percales and lawns that will yield the full measure of service. Stripes and figures in a variety of colors. Cool looking and cool. Very special values.
